Extraordinary Stories of Ordinary People Who Got Out of House Debt

Get out of house mortgage debt? Whatever for? *Everybody* has a mortgage! It's an investment on an appreciating item. It builds your credit.

Oh yeah?! A fascinating thing I've discovered through all of these interviews is that *nobody* who has climbed out of house debt ever wants to go back! They absolutely *love* being mortgage free.

In America, we don't have starter homes anymore, we have starter palaces that are costing us far more than our money. Find out why "mortgage" means a covenant with the morgue. A covenant with death! When people are in the process of dying they forget what it was like to be alive, unshackled, and unentangled. Find out how others have cast off the death principles of wallowing in debt and instead have laid hold of the fresh air and blue sky of financial solvency...all the way down to eliminating house debt.

Read how God has miraculously assisted families who resolutely determined to believe that His ways are better than the so-called American dream. There just might be enough inspiration in these pages to launch you into a story of your own.
